To Whom it May Concern,

I am writing this morning on behalf of the School of Education here at Pacific Lutheran University in Tacoma, Washington regarding graduate credit being awarded for continuing education coursework offered here at Pacific Lutheran University.

Pacific Lutheran University is a fully accredited university within higher education, and graduate level offerings through our continuing education program are vetted and approved by a collective of five educators within our school of education prior to acceptance and enrollment.

Graduate credit attained through our programs can lead to stand-alone certifications in some arenas. Students are also welcome to package relevant graduate CE for up to 12 credits towards our new Masters in Education track.

PLU and the Connecting Link have worked together providing high quality and accessible trainings for educators around the country for as long as I have worked at PLU, and I am so excited to see our partnership continuing to develop and grow.

If you have any questions or concerns, please do not hesitate to reach out at (253) 535-8790 or ainman@plu.edu

All the best,
